

# BigMIND Partner Program Overview

## Why BigMIND?

The BigMIND Partner Program is more than just a cloud storage solution; it's a pathway to unlocking new revenue streams and offering cutting-edge technology to your clients. Whether you're a reseller or a white-label partner, BigMIND provides the tools you need to succeed in a competitive market.

## Key Features

### **AI-Powered Search:**

Enhance your offerings with advanced AI features like content search (eDiscovery) and AI-driven photo detection, making it easier for your clients to manage and retrieve their data.

### **Comprehensive Backup Solutions:**

Offer a full suite of backup options, including disaster recovery, Office 365, and mobile backup, ensuring that your clients' data is always protected.

### **White-Label Customization:**

Build your brand by customizing the entire platform. From the user interface to marketing materials, create a seamless experience for your customers under your brand.

### **Flexible Credit System:**

The program starts with a \$150 monthly commitment, giving you credits to create and manage custom plans for your clients. Credits roll over, providing flexibility and value.

### **Automated Management:**

Utilize our fully automated management console to streamline your operations, manage clients, and monitor performance from anywhere.

### **Secure and Compliant:**

BigMIND is built on military-grade encryption and complies with international standards, ensuring the highest level of security for your clients' data.

## How to Sell BigMIND

### ● Highlight the Benefits

Focus on how BigMIND can boost productivity, lower costs, and mitigate risk. Explain how AI tools and advanced features can make data management easier and more efficient for clients.

### ● Flexible Pricing

Leverage the ability to set your own pricing models. Offer tailored packages that suit your customers' needs and adjust pricing as your business grows.

### ● Cross-Selling Opportunities

Bundle BigMIND with your existing services to provide a comprehensive solution. This approach not only enhances your value proposition but also increases customer loyalty and revenue potential.

### ● No Long-Term Commitments

Emphasize the flexibility of the program, allowing clients to upgrade, downgrade, or adjust their plans as needed. This adaptability is a key selling point in today's dynamic market.

## Benefits of Joining the BigMIND Partner Program

### Scalable Growth:

Start with a \$150 commitment and scale as your business grows. The more you commit, the better the pricing you receive, allowing you to increase profitability over time.

### Full Feature Access:

Regardless of the tier, all partners enjoy access to the full range of BigMIND features, ensuring that even at the entry level, your offerings are robust and competitive.

### Support and Training:

Receive 24/7 support and comprehensive training to help you maximize your sales and support your clients effectively.

## Partner Program Tiers

### Flexible and Tiered Pricing

While the program starts at \$150, partners can move up through different tiers based on their usage and growth. Higher tiers offer greater discounts and additional features, ensuring that the program scales with your business.
